

AKAI INFINI CITY

Electric foldable scooter

Enjoy your daily travel

- Aluminum alloy
- Removable battery
- Triple brake system
- Portable folding

Detachable battery
Endurance is more durable

Replaceable battery design.
Detachable Battery prolong
the riding distance.

Pull up and press the dashboard
cover lock to open the cover

Unscrew
the battery cover

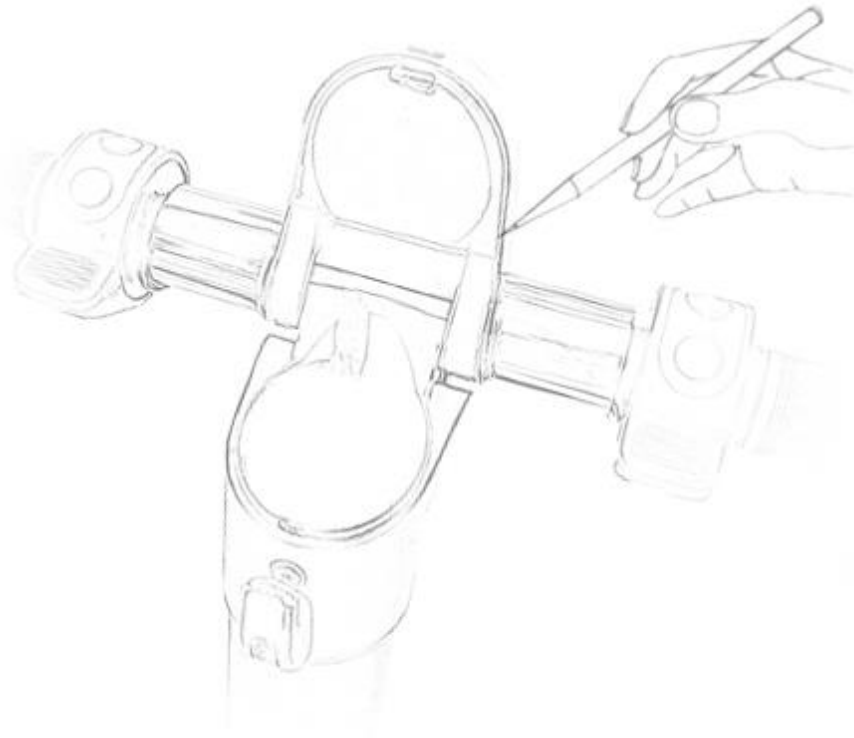

Pull the battery straight up
to remove the battery

Aesthetics

Appreciate different beauty

Simple geometric design, Practice the spirit of craftsmanship and lead the quality

Technology, reimagine

Folding scooter for quick use
Bring you faster and farther city travel experience.

25 Km

Max range

3 s

Folding design

5 Times

Walking speed

350 W

Motor

Industrial design paradigm

Simple streamlined sports car design

Design is not only the appearance, but also the ingenuity and ingenuity from the outside to the inside.

Travel Commuter Trilogy
Glide and relax in the last Kilometer

Simple and beautiful

Simple streamlined sports car design

Intimate and comfortable

Elbow curved pedal integrated design

Clever folding

Simple round buckle design

● Black

Shape a beautiful landscape

Easy pedaling, van travel

Simple aesthetics officially launched

25km/h

Lithium battery revolution

20pcs battery cells combination, 187.2WH

Smooth in the rainy day.

The battery is on the pole and has good waterproof performance.

The battery is under the pedal and has poor waterproof performance.

Waterproof level IP54

The pedal can support washing

Detachable battery

Endurance is more durable

Detachable Battery prolong the riding distance
Replaceable battery design

Automotive power lithium battery,
six smart protection

Short circuit
protection

Overcurrent
protection

Double overcharge
protection

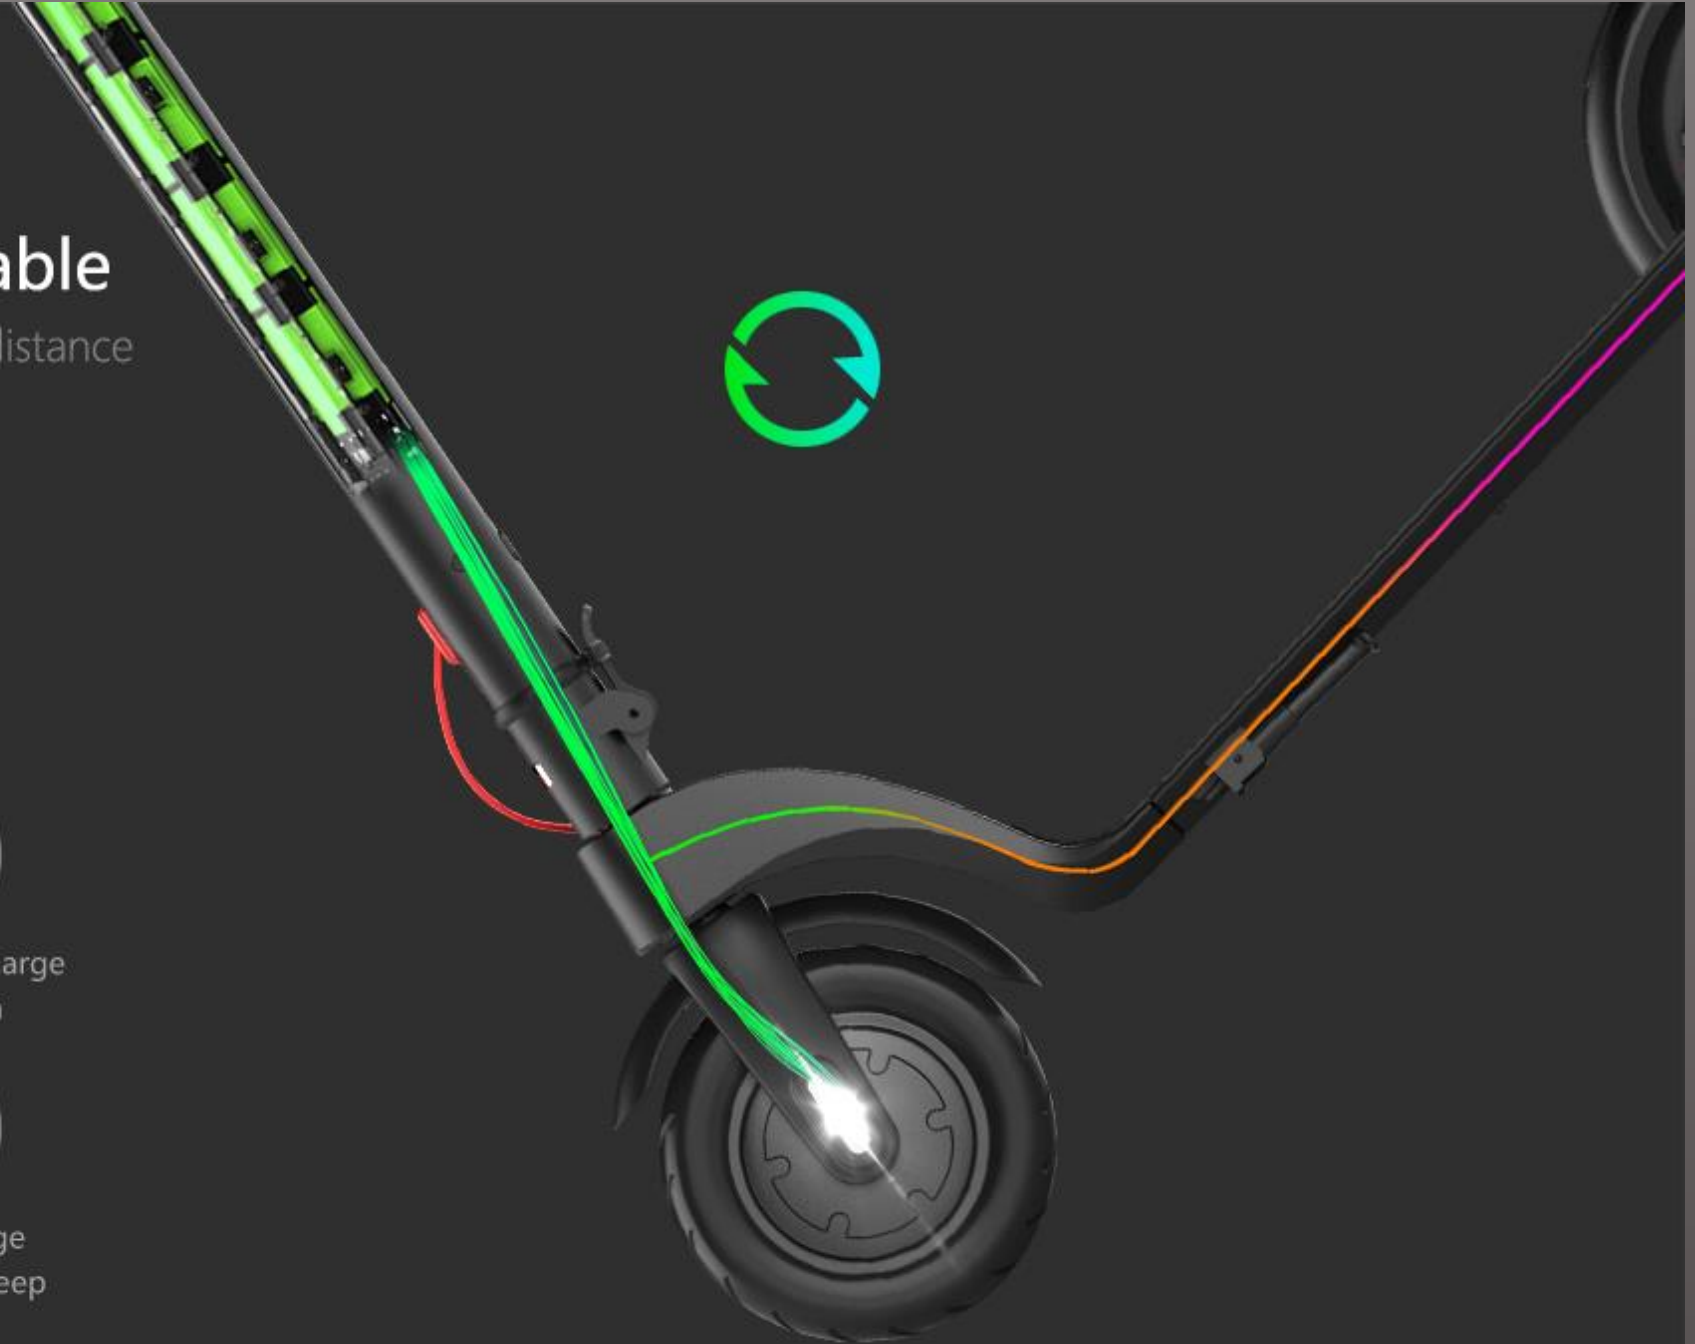

Double over
discharge protection

Abnormal
temperature
protection

Undervoltage
automatic sleep
protection

Minimalist folding art
The posture should be more chic

3 second fast folding, pleasant experience.

Simple, is the ultimate complexity
Endless pursuit of minimalist design

Lightweight design with one-handed walk

Tough aluminum alloy body, portable travel

Carry

Elevator

Tail box

The use of tough aluminum alloy as the main load-bearing material, Low density but high strength, with Excellent thermal conductivity and corrosion resistance.

12.5kg

Non-slip handle design

Comfortable grip

The simple geometric anti-skid handle is designed to support long-term riding and is not easy to slip.

Push-type throttle

Free control of riding speed

Waterproof dial design, can be accelerated with a single push, long press the throttle for more than 6 seconds to cruise at a fixed speed, convenient and comfortable to operate.

LED display Preview speed at any time

High-definition LED screen will let you know all kinds of situation at any time and control the scooter situation.

Ergonomics design.

Easy operation.

350W

Brushless high performance motor

8.5inch 10 inch

Anti-skid anti-vibration automotive grade vacuum tire

The strongest shock absorption.
Easy through speed bumps
and uneven pavement.

Speed bumps

uneven pavement

Climbing angle

LED Headlight ▶

Super bright headlight,
high brightness LED light.
Riding safely in the dark.

Flash when brake and in dark

Brake , triple brake

Disc brake system and E-ABS anti-lock system
High-efficiency braking and quick response,
safe and worry-free riding

Disc brake system

Electronic brake

Pedal brake

Infiny City Electric folding scooter

Open size	1056*420*1166mm
Folding size	1056*420*450mm
Max range	20km
Max speed	32km/h
Tire size	8.5 inch Vacuum tire
Net weight	About 12.5kg
Frame material	Aviation aluminum alloy
Motor parameters	350W
Battery capacity	5Ah/6.4Ah Optional 36V
Headlight	LED highlight front light
Taillight	LED taillight
Charger parameters	DC42V/2A
Motor driven	Front wheel drive
Climbing angle	15°
Pedal width	150mm
Pedal height from the ground	145mm
Pedal chassis height from the ground	133mm
Folding method	One step folding
Battery removal method	Self-locking plug
Waterproof level	IP54
Charging time	2-3 hours
Applicable height	120 ~ 200 cm
Maximum load	20 ~ 100kg
Hook load	10kg
